GRAYLING COUNTRY CLUB AUXILIARY

The first week of Tournament Play of the Grayling Country Club Auxiliary to determine the lady champion of the Club found the following scheduled to play:

Mary Pettengill vs. Marge Walker, Jan Henig vs. Elaine Ellison, Cathy Mason vs. Peg Milnes, Corine Smith vs. Dorie DeClaire, Mary Jane Knibbs vs. Evelyn McIntosh, Jean Sink vs. Marilyn Longworth, and Ruth Nielson vs. Laura Olson.

After a grueling week of play, victors were decided and another week of play has started with the following opponents:

Mary Pettengill vs. Kathy Stewart, Jan Henig vs. Cathy Mason, Corine Smith vs. Mary Jane Knibbs, and Marilyn Longworth vs. Ruth Nielson.

In the consolation round are: Marge Walker vs. Pat Moyer, Elaine Ellison vs. Peg Milnes, Dorie DeClaire vs. Evelyn McIntosh, and Jean Sink vs. Laura Olson.

Luncheon was served by Gloria Kraus, Mary Pettengill and Phyllis Scher. Time in next week for the next blow by blow.

NEW YORK—For residents of Crawford County, social security has its bright side as well as its tax side.

It is beginning to yield returns that compensate in good measure for what it has been costing in taxes.

The above photo is one in a series of seven of Frederic taken around 1915 and 1916 loaned to the Avalanche by Mrs. Myrtle Taylor of Route One, Frederic. This shot shows the main street area of the northern Crawford County community and features one of the "modern" modes of transportation at the left center of the photo. Near the center of the picture is a sign for "Long's Garage" which was in operation at that time about 50 years ago.

State Recreation Market Could Triple By 1980

EAST LANSING—Greater population, income, leisure and mobility could cause the Michigan outdoor recreation and tourist industries to boom by 1980.

"The total market for outdoor recreation could grow by 300 per cent or more in the next 15 years," reported David N. Milstein, assistant professor in Michigan State University's Department of Resource Development.

"Even if Michigan just holds its share of the estimated national market growth, the state's market would expand by around 58 to 71 per cent in terms of visitor days

and by 84 to 110 per cent in terms of visitor expenditures."

Milstein made his projections as part of Project '80, MSU's futuristic look at Michigan's rural potential by 1980.

He warned, however, that Michigan will not realize an ample share of the recreation and tourism market unless those involved with these industries become aware of the "quality revolution that is already upon us."

He said the larger, more modern tourist enterprises are getting the largest share of the growth in total expenditures for outdoor recreation. And this trend is likely to continue.

"Technological and cultural changes alike will broaden immensely the range of choice in leisure activities: where people will go, what they will do, and how often they will seek variety," contended Milstein.

"Enterprises and agencies most able to survive in such markets will be those whose management and capital allow truly modern, diversified and flexible operation."

Milstein questioned whether the state has enough of such places as Interlochen, Mackinac Island, and Fayette to match imaginative developments elsewhere such as Colorado's Aspen, California's Palm Springs, or the European tourist areas. He emphasized that "imaginative programs appear crucial if Michigan is to maintain or expand its share of Upper Great Lakes tourism and outdoor recreation in the face of this growing competition."

Increased leisure time will also be a factor. Milstein noted that the typical work week is expected to decline to around 32 or 35 hours by 1980. In addition, there will be

extension of holiday and vacation time.

Generally, all this will mean greater demands for outdoor recreation activities. And the greatest shifts in land used to accommodate this demand are likely to be in areas relatively accessible to the metropolitan population centers.

A detailed report of "Michigan's Outdoor Recreation and Tourism—Now and in 1980" has just been completed by Professor Milstein. The report is available in county Cooperative Extension Service offices.

Some Shifts At Mercy Hospital

On July 5th the new unit of 15 beds was opened at Mercy Hospital, in the main building which was built in 1967. This space was formerly taken up by the Sisters' quarters, the chaplains' and guest quarters and a part of the dining room. In spite of the additional facilities, extra beds have had to be set up on occasion. The increase in patients is not due to medicare, Administrator Sister Mary Janice believes, as the percentage of patients in the 65-and-over age group is no larger than before, but is due to the presence of a full-time physician at the hospital.

The new building housing the Sisters' quarters and offices is nearly completed, and is in use although not all fixtures and appliances are fully connected as yet. Landscaping plans have been halted until the water shortage is corrected. A grand opening is planned soon when all facilities in the new building are complete.

Plans are progressing on schedule for the 40-bed extended care facility. Preliminary plans will be submitted to the Hill-Burton staff this month, and ground breaking for the facility is expected to take place next spring.

Ask Bids On Four Paving Jobs In County

LANSING — The State Highway Commission announced today that the Department of State Highways will take bids in Lansing August 10 for 29 highway construction projects in 24 counties.

Estimated costs of the 29 projects total \$9.2 million.

Included in Crawford County is 8.6 miles of bituminous aggregate surface on County Road 612 from Frederic east, on Fletcher Road from south of Rasmus west, on McMaster Bridge Road from north of Eldorado north and east, on Military Road from north of the county line north. Completion date, December 1, 1966. Estimated cost, \$70,000.

County Library Is Visited By Consultant

Mrs. Jean Thomas of Lansing, Michigan Librarian Consultant, visited the Crawford County Library Monday and inspected it. She represents the State and checks on how grants for libraries are used. Her report to Mrs. Harry Souder, Librarian, was that not only is the building excellent, but that the collection of books showed that they were up to date and covered a wide range of subject matter, proving that the local librarians had been doing a good job in providing the membership with sound reading material.

Arnold Burrows Passes Sunday

Arnold Schofield Burrows, 77, of 508 Chestnut Street, resident of Grayling for fifty-five years, passed away at Grayling Mercy Hospital on July 31, 1966. Funeral services were held at ten o'clock Tuesday morning, August 2, at St. Mary's church. The Rev. Fr. William McKnight officiated, and burial was in Elmwood Cemetery with Stanley Lazarowicz, Fred Bishaw, Richard Lovely, Jens Ziebell, Joe Robertson and George Blaha serving as pallbearers. A rosary was read at seven o'clock Monday evening at the Sorenson Funeral Home.

Mr. Burrows was born in Wolverson, Michigan September 4, 1888. The family moved to Cheboygan when he was very young. He was married there to the former Cora Mae Walker. The couple moved to Grayling in 1911. Three children were born to this marriage, Myrton H., Wilma M. and Ruth E.

Mr. Burrows worked as a butcher for Frank Milks, later buying the business. He went into partnership with Cameron Game and later bought Mr. Game out. He was in business in Grayling for over fifty years, retiring in 1962. Mrs. Burrows preceded her husband in death in 1944. From that time on Mr. Burrows made his home with his daughter Wilma and her husband Wesley LaGrow and family.

Surviving besides Mrs. LaGrow are his other daughter, Mrs. Ruth Moore of Lafayette, Grayling, and his son Myrton, Grayling, five grandchildren and eight great grandchildren, also a brother, George Burrows of Flint, and a sister, Margaret Francisco of San Diego, California.

Mr. Burrows was a former member of the Grayling Kiwanis Club, the Moose Lodge, the Volunteer Fire Department, the City Council, and of the Knights of Columbus. He was a lifetime member of St. Mary's of Grayling, serving on the church committee, as an usher, and as a member of the men's club.

Fraser Dean Attends CMU Reading Course

MT. PLEASANT — Fraser Dean, reading instructor at Grayling Public Schools, is one of 30 persons attending an eight-week institute for secondary school teachers of reading at Central Michigan University, scheduled to end Aug. 12, is sponsored by Central's School of Education under provisions of the National Defense Education Act. The 30 teachers attending the institute were selected from 252 applicants.

Institute members attend daily classes in basic and advanced methods of teaching reading in the secondary school in addition to other related courses. Each receives eight hours of graduate credit for the eight-week institute.

Institute members live in University housing and receive stipends from the government during their enrollment.

Dean, his wife and three sons, live at 102 West Drive, Grayling. He received a B. A. degree in English from Alma College in 1960.

Crawford Co. Ranked High As A Market

NEW YORK—On the basis of its performance in the past year, Crawford County stands out as a thriving market, with a level of income and spending above that found in most communities.

According to a nationwide study of retail business activity, just released by Sales Management, the local area chalked up solid gains in the period. Its people earned more and spent more.

The facts and figures are contained in SM's copyrighted "Survey of Buying Power." It gives comparable data on income and sales for all parts of the country.

The business upswing in Crawford County enabled most local merchants to top their previous year's volume. Sales for the year added up to a sturdy \$10,286,000, a rise over the 1964 total of \$9,476,000.

750 Cast Vote In County

Library Fund Seems Lost, Williams Leads

750 Crawford County citizens turned out Tuesday to cast their ballots in the Primary Election. This is in contrast to less than 200 who voted in the 1964 Primary.

Interest was thought to have been higher due to the proposal for millage for the new Crawford County Library, the race on the Democratic ticket for nomination for United States Senator and races on the township level.

In incomplete returns, Beaver Creek, Grayling and Lovells Townships missing, the proposal for extra voted millage for the new Crawford County Library building was trailing 227 to 169, on proposition number one and by 223 to 167 on proposition number two.

In the other big race, former Governor G. Mennen Williams outdistanced his opponent, Detroit Mayor Jerome Cavanaugh by 200 to 127 while incumbent Senator Robert Griffin picked up 423 votes in Crawford County.

Governor George Romney received 440 votes to 225 for Zolton Ferency, the Democratic standard bearer. Incumbent Congressman Elford Cederberg polled 412 votes while Hubert Evans running on the Democratic ticket was given 211.

Walter Maser running for the Democratic nomination for State Senator from the 38th District led the entire field with 178 votes with John Wiberding running on the Democratic ticket also garnering 88. Edward Tenen, Cadillac City Attorney, led the race on the Republican side of the ballot with 171 votes with John Toeppe, former State Representative, also from Cadillac getting 120 votes and Forrest B. Meek, Clare school teacher received 114 ballots.

Nelson G. Tisdale, incumbent State Representative from the 103rd District got 278 votes with Robert Wayne Miller getting 217 and LeRoy W. Wahl 97.

Frederic Student Drivers Log 6,000 Miles

Nine tenth-graders from the Frederic school have completed the minimum 30 hours of classroom study and 6 hours behind-the-wheel driving experience under driver-training teacher Eli Beery. Their actual driving was considerably more than the minimum requirement, as they put nearly 6,000 miles on the two cars they were using. These were furnished to the program courtesy of Scheer Motors of Grayling, one an Impala automatic, and the other a Biscayne standard shift.

The seven-week course concluded with a trip to Mackinac Island July 18, 19 and 20th. Those completing the course were Judy Wever, Gayle Post, Sandy Middleton, Jerry Valdick, Jim Wilson, Linda Mursch, Alma Alma, Mary Jo Bindaschat and Nancy Canfield.

Michigan Tax Reform To Rise Again . . . Like Rebel's Yell

A CERTAINTY

Like the rebel's cry for the South, in Michigan tax reform will rise again.

Democratic gubernatorial candidate Zolton Ferency is making fiscal reform a major battleground against Gov. George Romney, although the GOP incumbent has largely ignored his opponent on this point to date.

Romney dropped his plea for tax reform this year in deference to lack of cooperation from the 1965 Democratic-dominated legislature. Since the treasury was in good shape to carry through the current fiscal year, the pressure for reform was off.

When he announced he would not press a reform package this year, however, the Governor indicated the need would be present again soon, probably to make ends meet in the 1967-68 fiscal year.

STEPHAN WOOD PRODUCTS

Grayling Made Wooden Splints Going To South Viet Nam

Arm, leg and body splints being made in Grayling are going to the battle fields of South Viet Nam for use at field hospitals and at forward first aid medical centers.

The splints, made of basswood from this area of Northern Michigan, are being manufactured by the Stephan Wood Products Company and last week kept 18 people in the manufacturing and packing process, said Alva Stephan, partner in the company with his brother, Herbert Stephan.

Up to this date, 36,000 splints have been shipped directly to Viet Nam, the remainder of the several orders that the Grayling plant is working on are being sent to military centers throughout the United States.

Orders for the splints were placed with Stephan Wood Products by the United States Defense Department. As of this date, the company has turned out a total of over 800,000 splints. At the present time they are working on an order of 14,500 dozen and have an order for a like amount for delivery in December.

HOWARD SMOCK PASSES SUDDENLY

Word has been received of the sudden death of Howard Smock, son of the Liland Smocks. Funeral services were from the Remus Funeral Home on Tuesday afternoon. Further information was not available at press time.

SERVICES HELD FOR VERGON FISHER

Vergon Fisher of 804 Park St., Grayling, passed away unexpectedly at Mercy Hospital Friday, July 28th, after a five-day illness. He was 58. Services were held at 1 o'clock Monday, August 1st, at the Sorenson Funeral Home with the Reverend Charles Kolb officiating. Burial was in the Salt River Cemetery in Shepherd, at 4 o'clock. A Masonic memorial service was held at 8:15 Sunday evening at the Sorenson Funeral Home.

Mr. Fisher was born December 13, 1907 at Bluffton, Indiana. His parents were the late Mr. and Mrs. James Fisher. He was married to the former Helen Helridge of Zanesville, Ohio, on March 23, 1935. The family came to Grayling in July of 1957, where he worked as a Group Leader for the Union Oil Company. Before that the family had lived in Reed City and in Breckenridge. Mr. Fisher also owned the Royal Coachman Drive-in at Hartford City, Indiana. He was a member of the United Brotherhood Church of Phoenix, Ind., and of the Breckenridge Lodge 406, F & AM.

Surviving besides his widow are three daughters, Mona Perry of Reed City, DeAnn LaMotte of Grayling, and Roxie Fisher, at home, a sister, Treva Miller of Bluffton, Indiana, and six grandchildren.

There were several indications last year that more Democrats might be inclined to get together with Romney on a reform program after the 1966 elections if they maintained their majority.

The November election will be the first at which the Governor and state senators are named to four-year terms.

Assuming the Democrats maintain control of the 38-member Senate and 110-seat House, it would be easier to go along with tax reform in 1967 or 1968.

House members seeking re-election in 1968 could claim the Governor wanted reform so they were powerless to stop it. By the time the Senate members sought new terms, most of the electorate would be so used to the new tax structure they would have lost any anger-based intentions of "throwing the rascals out."

Three School Proposals All Receive Okay

The voting in the special school election held Tuesday, August 2nd saw 429 people out to cast their ballot in the Grayling precinct, 98 in Frederic and some what under 60 in Lovells.

All proposals passed. Proposition I requesting 5 mills on the county assessed valuation as equalized received 32 yes votes in Lovells, 51 in Frederic and 278 in Grayling for a total of 361. These voting no numbered 25 in Lovells, 45 in Frederic and 137 in Grayling for a 207 total.

Balloting on Proposition II which asked for authorization for the school board to provide transportation to and from school for pupils residing in the district passed by a 512 for and 61 against. The breakdown was 51 yes in Lovells, 87 in Frederic and 374 in Grayling. In Lovells the proposal received 7 no votes, in Frederic 44 and in Grayling 61.

Proposition III, setting the board salaries at \$150.00 per year for the president and trustee, \$375.00 for the secretary and \$225.00 for the treasurer received 39 yes votes in Lovells, 64 in Frederic and 288 in Grayling for a 391 total. In Lovells there were 16 no votes, 30 in Frederic and 122 in Grayling for a 168 total.

Balloting for members to the board of trustees gave Robert Smock a total of 455 and Dr. B. E. Henning a total of 560 for the 4-year term. Bill Joseph received 2, E. R. Burns and Gordon "Sandy" Thompson 2 write-in votes.

Running for the three year terms were Patrick Harwood and Gerald Burns. Harwood received a total of 464. Burns received a total of 443. Marilyn Longworth and Robert Kelly each received 1 write-in vote for the 3-year term.

For the two 2-year terms, James Kolka polled a total of 357 votes; Patricia Fowler received 311 and Herald Riggs received 271.

Dr. Paul Dosch running for the 1-year term received a total of 503 votes.

Republicans To Meet Saturday, August 6th

The regular monthly meeting of the Crawford County Republican party will be a breakfast meeting at 9 a. m. Saturday, August 6th at the Chief Shoppenag Hotel. All Republicans are urged to be present.

The initial program will begin with its first students this fall, 1966 Grayling High School grad-

ed since the legislature authorized its operation.

The formal request by the MSU Board of Trustees to the State Board of Education was actually probably very well timed.

As expected, the State Board told MSU President John Hannah the request will need study in terms of the overall medical education available in Michigan.

Study, as President Hannah well knows, can and frequently does involve a number of years before any result is seen in terms of a program.

Thus by asking now for permission to expand the new two-year program, Michigan State probably stands a good chance of handing out its first medical degrees to the students who are enrolled this fall in the limited program.

Crawford County Tourist Information

Pan fishing continues only fair in area lakes. Best fishing reported from Lake Margrethe, Jones Lake, K P Lake, and Shupac Lake.

Trout fishing has tapered off with best results coming from Hoppers, Skunks, and Barber Poles. Evening and night fishing is producing very little with best fishing in early morning hours.

Canoeing on Manistee River and AuSable System continues to be good with streams low and clear. Insects are at a minimum, and the opportunity to enjoy the Grayling region birdlife and wildlife is at its best by using the canoeing trails of our county.

Berry picking is poor because of drought conditions, and best picking is in low damp country.

Letters To The Editor

Stockholm, Sweden
July 3, 1966
Mr. Robert Strong, Editor
Crawford County Avalanche
Grayling, Michigan U. S. A.
Dear Mr. Strong:

I have just completed my second week in Europe and find Sweden a country of various sects, but one dominant culture. The people seem to be very much alive with life, and most of their life is centered around the family.

When a student is in school here, he takes on an average of 14 subjects. These vary from Homemaking (both males and females take this) to advanced math. As of late, Swedish students take English from the fourth year of school on. The student attends a regular school for nine years, then goes to a gymnasium (the equivalent of our high school) for three years. Then if he is accepted, he goes on to a University. Sweden has three technical universities and four general.

Less than 10% of the Swedish people go to church on Sunday. The only time Swedish people go to church is when they are confirmed or baptized. Usually! This of course does not mean they are not religious, but more that they consider it Victorian to do so. My own Swedish family does not say grace at the table, but rather "thank" the mother after the meal. In the words of my Swedish father, "We think the mother has done more in the preparation of the food." A matter of opinion.

The landscape of Sweden is much like Michigan. Except in northern Sweden where it resembles Canada. The weather is a little colder than at home. Stockholm, the "Venice of the North" is one of the most beautiful cities in the world. It has a charming "Old Town" which dates back to 1250 A. D. Your women readers would be interested in knowing that the "Old Town" is covered with small shops in which you can buy all articles typical of Swedish life.

Well, that about does it for now, and I hope this has been of some interest. I will certainly try to answer any questions you or your readers might have so feel free to write.

Until again,
Mike Worden

Editor's Note - This letter is from Nancy Knibbs, daughter of Mr. and Mrs. Leonard Knibbs of Grayling who is spending the summer in Germany as an exchange student.

Aside from the great difference in the weather conditions, I find myself very much at home with my German family. Although we are in the center of Germany's industrial area, it is very green and beautiful country. All of the people I have met are very friendly and courteous.

The German people have a great liking for flowers which may be seen everywhere. All the apartments have balconies with flower boxes and the homes have beautiful, well-kept gardens. Many people who live in an apartment and can't have a garden rent a small amount of land in the country for this purpose. They may have a one-room house in which to spend the weekend at their garden.

There are no closets in the wall here, but instead large wardrobes. To lock doors and any cabinet a large key is used and is usually left on for a handle. In the sitting rooms one will always find a sofa and three chairs arranged around a table. This is a very convenient arrangement for tea. Every window that I have seen in Germany has a white lace or organdy type curtain. Screens are not used here, but wooden blinds. These are pulled only at night as during the day the windows are usually open.

The people of Germany are up very early for when I take the train to school at 7:30 a. m. the streets are very active with people. School begins at 8:00 and classes are 45 minutes long. Between the first two classes there is a five-minute break and between the second and third there is a fifteen-minute break. During this time all students go outside and eat sandwiches or fruit from home. This pattern continues until school is over at 1:30. The schools do not have activities as our schools have and everyone is very surprised that a town of Grayling's size has such a "marvelous book" as our yearbooks.

Breakfast is at 7:00 a. m. as the girls leave for school at 7:20. We have coffee or tea, hard boiled eggs, an assortment of breads, corn flakes and cold meat. Dinner is at 1:30 or 2:00 and is the largest meal. This meal consists of soup, meat, potatoes and rice, a vegetable or salad and dessert. There is nothing to drink but it is not necessary as the food is not cooked with salt. Lunch is usually at 7:30 or 8:00. This is almost like breakfast, as there is tea, fried potatoes, an assortment of cold meat and breads, and tomatoes. Tea is served at four or five and wine and champagne after lunch in the evening.

My father was a prisoner of war in Oklahoma and speaks very good English. He is very eager to have me learn all about Germany. In the evenings we exchange ideas on different topics. I have been to parts of the Rhine and Ruhr valleys and in August we will vacation in the Sauerland. From there we will drive to Mainz and take a boat on the Rhine to Bonn and Koen.

BITS O' TALK

The Ward Ellisons were at MacInac Island last week where he attended the prosecuting attorneys' convention Wednesday thru Friday.

The Trap . . .

Investor-owned industry in the United States can produce and supply all the people, in the largest cities and the smallest hamlets, the necessities, conveniences and luxuries that go to make up a standard of living unequalled in the world. You can get the same food, the same automobile, the same gasoline, the same electricity, clothes, shoes, etc., in the rural sections that you can in the larger cities. The marvel is the result of mass production, mass distribution, mass transportation, and mass advertising, which cuts unit costs.

Industry needs certain supervision and regulation by government, just as do individuals. But constant attacks on business through hundreds of legislative acts sponsored by federal and state officials are a growing menace to our private enterprise system and to individual opportunity and freedom. Since World War I, the people of the U. S. have gone far down the road toward permitting the federal government to control their lives and local affairs. On each step of the way, they have weakened their freedom of action. That isn't the pattern on which the U. S. was built.

The ultimate in centralized government is reported in news dispatches from Berlin, of May 27, 1966, which states that border guards have killed at least 128 persons seeking to escape East Germany since the Berlin Wall was built in August, 1961. How many more there may have been is not known. This is the result when government finally gets total control of industry and the individual.

The right to vote, free speech, a free press and private enterprise, are the foundation of a free economy, free people and representative government. Liberty lies out the window when government becomes the owner of industry and the main employer of labor. Then you have a wall blocking individual action and progress. The citizen becomes a mere cog in political gears from which he cannot escape. Let us hope the people of the U. S. are smart enough not to walk into this trap.

August 5, 1943

Five children received their first Holy Communion in a body Sunday at the 8:30 mass at St. Mary's Church. The entire religion class received the Blessed Sacrament with them making it a very impressive ceremony. There were four girls and one boy in the class. Jean Lovely, daughter of Mr. and Mrs. Richard Lovely; Nancy Hoesli, daughter of Mr. and Mrs. Daniel Hoesli; Sally Bishaw, daughter of Mr. and Mrs. Fred Bishaw; Helen Jean Millikin, daughter of Mr. and Mrs. Ralph Millikin; and Walter Galvani, son of Mr. and Mrs. Dominic Galvani of Beaver Creek. With Mrs. Leo Koerper at the organ the choir sang appropriate hymns for the occasion.

Corp. Douglas Bishop of the Army Transport Command at Long Beach, California, spent a few hours yesterday at the home of his grandmother, Mrs. Elizabeth Foley of this city. He is the sole survivor of the ill-fated mission which ended in a crash at Charlevoix Monday when several high ranking officers were killed. Doug was en route home on furlough. Having cracked up several times before on grassy runways, he decided to hitch hike home from Charlevoix rather than ride out to the Traverse City airport. The plane took off and two minutes later Doug was on active duty at the burning plane.

Lieut. George Thomas Sparkes, grandson of Mrs. and the late Mr. George E. Smith, formerly of Grayling, and son of Mr. and Mrs. Ross Sparkes, Ferndale, received his wings and commission as Pilot in the Army Air Corps July 28 at Turner Field, Albany Ga. George was born at the home of his grandparents in Grayling. He graduated from Lincoln High School in Ferndale and attended Cranbrook Art Academy and was employed in the General Motors research laboratories before enlisting in the air corps. He left for Hickman Field, Sebring, Fla., after a short leave with his parents to train in a B-17.

Miss Edna Verlinde, daughter of Mr. and Mrs. Henry Verlinde of Maple Forest, and Kenneth Allen of Flint were married in Flint on Monday, July 19th. Congratulations, Mr. and Mrs. Allen.

Bennie Allen staged a canoe trip and was host to a grand outing last week. His guests included Gloria Corsaut, Doris Leng, Bob Kaiser and Bob Bigham. It took two canoes and they took along a lunch. They went 15 miles down the Manistee River. Later they attended the show in Grayling and enjoyed victory ice cream at Dad Hanson's. They were none the worse for tipping over a couple of times and minus a few lost articles.

Karen Marie Hanson, daughter of Mr. and Mrs. Ronnow Hanson, was christened during the morning worship service at Grayling Lutheran Church on July 25th. Her aunt, Miss Ingeborg Hanson and A. J. Nelson were sponsors.

Mr. and Mrs. W. E. Dreyer of Bay City were guests of the Fred Welsh family at Lake Margrethe. Esbern Olson, Jr. has enlisted in the Air Corps at Detroit. He is a son of Mr. and Mrs. Esbern Olson.

Twenty little friends helped Ella Mae Cook, daughter of Mr. and Mrs. David Cook, celebrate her fifth birthday Monday at the home of her aunt, Mrs. Wilbur Winslow. A variety of games were played before the ice cream and cake were served to the little tots. Ella Mae received many lovely gifts.

Mrs. Etta Nolan of the county welfare commission has been in attendance at a joint conference of State and county welfare and boards of supervisors at the Wagoner Hotel at Bay City first of the week. The session closes today. Lieut. Governor Eugene Keys and state treasurer Brake were speakers at the meeting.

Lt. Eugene Irwin of Fort Worth, Texas, zoomed into Grayling last Tuesday evening, having left Fort Worth at 10 o'clock that forenoon. Lt. Irwin is an instructor in the air force at Fort Worth. He says his family are fine and have a comfortable home and are enjoying the south. Lt. Irwin was sales manager for the National Log Construction Company and the family resided at Lake Margrethe. While here he was a guest of Mr. and Mrs. R. A. Wright.

Mr. and Mrs. Franklin P. Hills returned Friday from Bloomfield Hills after visiting their parents, there.

Mrs. Hannah Mielch of Detroit arrived Sunday to spend a few days with the Dr. C. G. Clippert family.

Mrs. Martha Walkowski of Lansing arrived Sunday to spend a few days with her sister, Mrs. Stanley Smith.

Pvt. William Higbee was home for a 12-day furlough—visiting his wife. Mrs. Higbee is the daughter of Mrs. R. H. Colfer.

Mr. and Mrs. Max Clement of Flint are spending a few days with the latter's sister and husband, Mr. and Mrs. Leslie Hunter.

Mr. and Mrs. Jack Callahan of Pinconning and Mr. and Mrs. Lawrence Bovee of Bay City enjoyed a canoe trip down the AuSable River Sunday.

Terry Hilton was ten years old Friday so his mother, Mrs. George Hilton, invited 15 young girls and boys in to help Terry celebrate the occasion. It was a swimming party and did they enjoy the water.

Places for nine guests were found at a long table, at Shoppens Inn Friday evening. Mrs. Robert Hayes was the lady who was celebrating her birthday. Mrs. Kenneth Dobbyn of Detroit was an out-of-town guest.

Mrs. Michael Brenner of Flint is entertaining the following guests at Cedar Lodge, Lake Margrethe: Mr. and Mrs. Lagain and children, Mr. and Mrs. Wesley Woods, and daughter Annabelle, all of Flint, granddaughter Ette Brenner of Chicago and Mr. L. Sloman of Pontiac. They are remaining two weeks. Mr. Brenner and son, Cal intend to be here over next Sunday.

J. E. Norwood of Flint spent a week at the Alfred Galloway farm in Beaver Creek.

Mrs. Joseph McLeod, left Tuesday night for Lincoln, Neb., to visit her son and wife, Sgt. and Mrs. George Schroeder.

Mr. and Mrs. Jack Redhead and daughter Roberta of Detroit spent the weekend in Grayling. Roberta was the guest of Beverly Stephan.

Mr. and Mrs. Donald Kangas of Detroit returned to their home Monday after spending four days with the former's parents, Mr. and Mrs. Anton Kangas.

Marius Hanson, pharmacist at Mac & Gidley's has received a certificate of merit from the United Drug Co. of Boston, Mass., commending him for his outstanding knowledge of medicines and for the capable service he is rendering his community. This recognition came to him through a recent survey made among pharmacists.

Mr. and Mrs. Dan Babbitt and sons Arnold and Howard, Misses Cynthia and Helen Stephan left today for a ten day vacation on Lake Charlevoix. They will also attend the Park of the Pines reunion held each year by the reorganized church of Jesus Christ of Latter Day Saints. The Eugene Papendick family will be the caretakers at the Babbitt home while they are away.

Miss Veronica Lovely of Bay City is visiting her parents, Mr.

Field Staff Begins 6-Months Project In Northern Michigan-Aid Business

A field staff began work last week in Northern Michigan on a six months project to stimulate growth of the area according to announcement here today by Orville Walker, local area director of the Northern Michigan Development Council.

The project will cover the north 33 counties of the lower peninsula and all of the upper peninsula. Funded by the Economic Development Administration, U. S. Department of Commerce, the project's sponsors include the Northern Michigan Development Council which serves the 33 counties from Bay City state-wide to the Straits of Mackinac, and UPACAP, a similar organization which serves the upper peninsula.

Conceived by the Northern Michigan Development Council at the time of the threatened discontinuance of railroad and ferry service in northern Michigan the Development Council enlisted the cooperation of its Center for Economic Expansion & Technical Assistance and UPACAP to join with it in sponsoring the project as a service to the two large segments of Michigan which comprise approximately three-fourths of the geographic area of the state.

Services of the W. B. Saunders & Company, division of EBS Management Consultants have been engaged to carry out the six month assignment.

In the matter of the movement of goods, the project will:

1. Examine the existing transportation system and determine the adequacy of each mode of transportation as it serves each area and as it performs in the transportation of each of the major types of commodities moving to and from northern Michigan.

2. Take a look at the competition. What areas produce the same products as northern Michigan? How do their transportation costs and services compare with those of upper Michigan, and how do they stack up in terms of accessibility in each of the major market areas served by Michigan's products.

and Mrs. Peter Lovely.

August 5, 1920

Mrs. O. W. Roesser of Saginaw is visiting friends in the city arriving Saturday.

Mrs. Wm. Lenartz is enjoying a visit from her niece, Miss Laura Miller of Detroit.

Miss Ada Ryan of Detroit is a guest this week of her sister, Mrs. A. J. Joseph and family.

Misses Margaret Jensen, Arvelly Tetu, Mae Whipple and Erdine McNeven enjoyed the sights at Mackinac Island Sunday.

Isaac Lovely and sister Miss Minnie Lovely left Tuesday for Ottawa, Canada, for a visit.

There will be a big dance at the Officers' Club house at the Hanson Military reservation Wednesday evening for the benefit of Mercy Hospital. Free taxi service to and from will be given. A serveself lunch will be served. Tickets \$1.

Stanley Inley of Detroit is a guest at the H. W. Wolf cottage at Lake Margrethe.

Little Ellen Mae, daughter of Mr. and Mrs. Elf Rasmussen, who with her mother are here visiting the latter's parents, Mr. and Mrs. Jens Ellerson, wandered away from their home Monday. Mrs. Rasmussen and her parents had gone berry-picking and the little girl had been left with Mrs. Madson at home. A party of 20 men went in search of the little girl. She had been lost about three hours when George Olson heard her cries in the direction of a swamp. Her face was tear-stained from crying but otherwise she was unharmed.

LETTERS TO THE EDITOR

July 30, 1966

Editor:

nd to the people who are con-
nd about me breaking the law
letting that poor little man stay
my cabin out of the rain, until
could save enough to buy a
trailer from the junk yard to
his head in.

only made \$25.00 a week and
to live too. A friend was kind
gh to let him park in his yard
he township. If the Social of-
rs who have a nice new office
ork in, had of helped him find
cent room with a bathroom to
in, I wouldn't of had to break
law by being kind to him, for
ing take care of my mother
re she died.

hen she cried to me to take her
e to die, no one else would
care of her. She begged me
ay her bills and give her a de-
burial. I sold my home on
my Road to do so. Therefore
the deed to her place and had
corded. If the neighbors are
worried about her old cabins
gorn down to suit them, well,
better tear down the old out-
toilets in the area and make
rs put shingles on their own
lings, as my mother was forced
o.

so the city is using my yard
free street and I have to pay
taxes on it the same as Ma
And not one of those city of-
fials paid their respects at her
ral.

ey are always picking on me
my kids for breaking laws.
all the other kids do the same
I don't see their names on the
page. Three of my sons serv-
their country and now they are
ing another one.

here is the freedom and just-
they fought for?

ried to find a lot outside of
city limits where we could buy
railer and live. But they are

restricted for new houses. And
just look at the thousands of dol-
lars they want even for old houses.
The ones that live on the main hi-
way thru town in old houses that
were there 45 years ago when I
first came here, they are the ones
who are hollering for us to tear
down our shacks that Ma bought
20 years ago.

I am just a widow living on Sur-
vivors Social Security Insurance
and trying to exist.

The neighbors, who are complain-
ing, both work and they have a
husband working to support them
too, and no children to take care
of.

They should listen to the Hough-
ton Lake news and prayer every
noon. It says to lend a helping
hand instead of your foot.
The real estate men that won't
let us poor people buy a lot close
to town to sit a trailer on, then why
do they keep a trailer in their yard
and haul it to a Florida city to
live in every winter?

No wonder there is two ghost
towns in this county.

Bernice Raymond,
129 Fulton, Grayling, Mich.

Moose Lodge Activities

Loren Williams and his band
from Cadillac are playing at the
club on Saturday evenings.

This Friday is regular meeting
night at the Lodge, at 8:00 p. m.
sharp.

This Sunday, the Legion of the
Moose club will hold their month-
ly breakfast meeting at the Lodge
basement at 11:00 a. m.

On the sick list this week, we
have Myrt Burrows, who has been
in Mercy hospital. We hope you're
up and around soon. The Lodge
needs a home for a German Shep-
ard pup, about 5 mo. old, due to be
sent to the Seeing Eye School about
October. Please leave your name
at the club.

Council Proceedings

Regular meeting of the City Council - held Monday, June 27, 1966 at 7:30 p. m. in the City Hall.

The meeting was called to order by Mayor Cook at 7:30 p. m. Members present: Cook, Sorenson, Duley, Madsen, Broadbent. Member absent: none. Citizens present: Ward Ellison and Clare Madsen.

The minutes of the previous meetings were approved as read. Motion by Sorenson, supported by Duley, that the Chamber of Commerce request for the City's participation in the cost of producing a County map, be allowed. All voting in favor, the motion carried.

A complaint was heard on the Short Freight Lines using Peninsular Street, between Ionia Street and Michigan Avenue, for parking their trucks and transferring freight. The manager was instructed to put a stop to this practice. The request by Mr. Barkley, owner of Lil Smokey train at Bear Mountain, to erect a billboard-type sign on the building owned by Mr. Emil Kraus, at the corner of Michigan Ave. and Cedar Street, be denied. This sign would be in conflict with the new zoning ordinance governing signs and billboards.

A discussion was held by the Council on specifications for bidding on a Retirement Program for the City employees. These specifications to be given all insurance companies for a guide line to quote on a retirement system.

MINUTES OF THE UPPER MANISTEE RIVER ASSOCIATION

July 25, 1966

A general meeting to report on the organization of the Upper Manistee River Association was called to order on Monday evening, July 25, 1966, at the Bear Lake Township Hall. Approximately 440 letters were sent to property owners along the whole Manistee River, from the upper regions to M-66, with 100 interested people attending the general meeting, which was called to order by President David Gerhart.

President Gerhart introduced the following officers: Secretary, William Tufts; Treasurer, T. A. Alder; and Directors, William Mosher and Fred Brownell.

President Gerhart spoke briefly on the aims of the Association and remarked that conditions on the river are alarming when we look to the future. He further stated that the by-laws have been constructed with the principal aim of helping to maintain and improve the Upper Manistee River Watershed. The Association will operate simply on fees with non-profit corporation papers having been filed with the Michigan Securities Commission. Membership fee is \$5 per year, and can be mailed to Upper Manistee River Association, Box 282, Grayling, Michigan 49738. Sponsor memberships are \$25 or more and commercial memberships are \$25.

President Gerhart introduced Earl H. Longworth, Manager of the Grayling Regional Chamber of Commerce, who discussed "Operation Au Sable" and how it led to the adoption of the Grayling Township Zoning Ordinance and the reorganization of the AuSable River Property Owners Association; also the adoption of a resolution by the City of Grayling, Crawford County, and Grayling Township under Acts 200 (1957) and a preliminary study of the AuSable River Watershed. He emphasized how closely this operation could be compared with what the Upper Manistee River Association is attempting to do with the Manistee River.

Buddy Jacobs, Fish Biologist with the Michigan Conservation Department, discussed the Manistee River with regard to fish environment, and what remedies or projects could be instigated now to restore the Manistee River fishing waters to the fine reputation that it once held as a primary Trout fishing river. His suggestions will be considered by the Board of Directors. He displayed large jars of eels and rough fish that are responsible for the poor fishing.

President Gerhart adjourned the meeting with the final summation that memberships are being received each day, and that he and the official board were very pleased with the attendance at this meeting, and the high interest of all those contacted. Members can look forward to an early mailing of an informative letter to members and prospective members.

THE TIME OF JOY

THE CHURCH FOR ALL...
ALL FOR THE CHURCH

The Church is the greatest factor in the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Summer Reading and Recreation Program Success

School bells have been ringing this summer for about 100 children. The schools in Grayling and Frederic under a grant from the Elementary Secondary Education Act, have been conducting school since June 12. The purpose of this program is to help these selected children sociologically as well as educationally so that when these children return to school in the fall they will be better able to cope with their every day school academic and social problems.

Those students who are eligible for this program were selected by their teachers, under the norms set down by the Federal Act, and then further screened by the California Achievement Test administered by Mr. Robert Bovee of the High School Guidance and Counseling Department in Grayling.

The reading program in this summer school is similar to the remedial reading program conducted by Mr. Fraser Dean during the school year. However, this summer's reading program is under the direction of Mr. Howard Schwalbach. He has two teacher's aids helping him in this program: Mrs. Garret Bufe and Mrs. Ray Calkins.

Since the ages of these children vary from second graders to tenth graders, the children are divided according to age so that the reading and recreation program can be carried out with ease. The morning and afternoon sessions are each broken into four groups and each group of children is further divided according to ability so that more attention and individual help may be given.

The total reading program under the direction of Mr. Schwalbach this summer is based around the

idea of comprehension and retention of material.

The recreation program is under the direction of Mr. Donald Ferguson with the help of Mrs. Donald Ferguson and Steve Englund. They are working on the idea of getting children to play different games, to acquire competence and a sense of sportsmanship.

Among the games played have been football, softball, badminton, volleyball, ping pong. One of the most favored besides an obstacle course has been combat. So far the children haven't had a moment to themselves. There are always plenty of things to keep them busy.

At eleven o'clock in the morning and three o'clock in the afternoon everyone goes swimming for an hour. The children are divided according to ability so that their instructors are better able to work

with them. There is a beginners section and two groups of more advanced. So far, a great deal of progress has been made by the children in their swimming lessons. Nothing has been left out of the program. There is bus service provided for the country and the Frederic children, a trip through the hospital, a trip to a beauty salon for the girls, a play at Traverse City Cherry County Playhouse, movies shown on rainy days instead of swimming, softball games with Roscommon and even some pets for the children to play with.

Through the first six weeks of the program the teachers have felt that much has been accomplished. The teachers only hope that the last two weeks, until August 12th, will be just as rewarding and valuable for the children.

Grayling Native Retires from A. F.

LOCKBOURNE AFB, Ohio—With one lifetime career drawing near, a Lockbourne AFB chief master sergeant plans to keep busy in his retirement—as a seasoned skin diver with close to 20 years experience.

Sergeant Elmo P. Nephew, first sergeant in the 840th Combat Support Group Headquarters Squadron, and native of Grayling, has spent over half of his life pursuing a hobby which has taken him from the coastal waters of the United States to diving in the Mediterranean Sea searching the ruins of the ancient sunken cities.

Another interest which has endured throughout the years is an avid interest in big game hunting in Turkey and occasionally in the jungles of Africa. During a 32-month duty tour in Turkey, Sergeant Nephew applied and qualified for a license as a huntmaster to lead groups into the rugged mountains in search of leopard and Russian wild boar.

"I actually think that skin diving is my favorite hobby though," he pointed out. "About six years ago I purchased the latest skin diving equipment on the market. With similar gear I searched the sunken city ruins and recovered old coins and several small statues."

Almost every weekend while in Turkey during the hunting season—fall through spring—he was on a hunt which usually saw at least one party member bag a leopard. Their hides brought close to \$1,000 on the market there.

"I had several of these hides at one time but a man would be foolish to keep one with such a high market price," Sergeant Nephew remarked.

The Grayling, Mich., native said he enjoyed his Turkish tour more than other duty assignments. He and Lieutenant Colonel Urban B. Jackson were the first military personnel assigned at a new air base near Cilgi, Turkey (the base has since been discontinued).

Sergeant Nephew and the Colonel laid out the major groundwork for this new base which was to become the center of operation for the

7231st technical training group and operational point for a Tactical Air Command squadron of North American F-100 Super Sabres from England AFB, Alexandria, La.

Working his way to the peak of the enlisted ranks, Sergeant Nephew was one of the first three men to be promoted to the newly created grade of senior master sergeant in 1958 in the Air Defense Command. This new grade—one of two—was designed to replace the Air Force warrant officer ranks.

Sergeant Nephew was the senior non-commissioned officer (NCO) here from January 1964 until the base changed hands in June last year from the Strategic Air Command to the Tactical Air Command. He has also served as the president of the board of directors for the Lockbourne NCO Open Mess.

The 48-year-old first sergeant lives with his wife Irmgard at 1710 Spruce Dr., on base with two children, Iris, 17 and Elmo Jr., 7. The Nephews also have two married children, Rheeta and Sigurd. "I have never regretted a day while in the service," explains the 23-year service veteran. "I stayed in because I enjoyed it."

"I have seen the Air Force change from a low educational caliber unit to a highly educated and specially trained technical corp."

During his service career he has had six long state-side tours. He spent six years in Germany which took him on temporary duty assignments throughout Europe with the North Atlantic Treaty Organization.

Sergeant Nephew has been in the personnel career field his entire Air Force career alternating between first sergeant and sergeant major positions since 1945.

Prior to that he attended and completed a three year pilot training program in a B-29 for flight crews and engineers.

"I was also a drill instructor and physical training instructor for new recruits at Armillo AFB, Tex., while awaiting an overseas assignment," he asserted.

Sergeant Nephew retires in July and plans to move with his family to Brownsville, Tex., to be near the ocean—he will be about 15 miles from the Gulf of Mexico and can continue with his favorite hobby, skin diving.

Top O'Michigan REA Annual Meet. Aug. 15

The Annual Meeting of the Top O'Michigan Rural Electric Company, Boyne City, will be held in the Boyne City High School Gym at 8:00 P. M., on Monday, August 15, 1966.

Three directors will be elected. The nominations for three year terms are incumbents Ralph Ball, Kalkaska, Ray Deibert, South Boardman, Christian Jensen, Petoskey, and nominations by the nominating committee—Donald Ehl, Kalkaska, Paul Hayward, South Boardman, and Charles A. Robinson, Boyne City.

A change in the by-laws will also be voted upon. The Rural Electric Cooperative serves 17,000 members in 12 counties of the northern part of the lower peninsula of Michigan.

Mr. and Mrs. Dan Babbitt had their son Howard and twin daughters Laura and Linda of Kalamazoo as recent guests. During the past month they have also entertained Mrs. Babbitt's brothers the Clarence Barbers of Houghton Lake and the Byron Barbers of Roscommon, also her sister and husband Mr. and Mrs. Earl Bird of Detroit. Mr. Babbitt's sister Mrs. Bernice DoMoe and his nephew Mr. and Mrs. Roger Evans, all of Maumee, Ohio. Mrs. DoMoe is spending some time with her son Bill Evans in Mio.

Those attending the Park of the Pines R.L.D.S. Church reunion at Boyne City held July 17th to 23rd were Mr. and Mrs. Norval Stephens, Lacey Stephan Sr., and grandsons Mike and Tim Neilson of Detroit, Mr. John Knecht, the Earl Mathewsons, the John Isenhauers, Elder Jay Doty, the Dan Babbitts, Mrs. Leonard Jensen and children Butch and Polly.

Get school clothing ready before the last minute rush. Leave your dry cleaning at Bill's Laundry & Dry Cleaning.

Mr. and Mrs. Earl Nelson and granddaughter Deborah Ann Nelson spent several days of last week in Grand Rapids, visiting at the home of Mr. and Mrs. Richard Nelson. Mrs. Roger Nelson, Mike and Paul accompanied them to Grand Rapids to join Roger, after visiting for several weeks at the Renaud and Nelson homes.

Mr. and Mrs. Richard K. Nelson, Jon and Jan spent the weekend at their cabin at Lake Margrethe, leaving Monday morning for a vacation trip in the U. P.

Mr. and Mrs. Derek McEvers entertained with a potluck dinner at their home Sunday, Mr. and Mrs. William Wight and Mr. and Mrs. William Napora of Cadillac, and Mr. and Mrs. David Gapinski, Jr. of Gaylord.

Mr. and Mrs. James Shepler and son Brad of New York state visited her parents, the Vivian Campbells and her brother, the Don Campbells, also her grandmother Mrs. Bertha Davis, from Saturday to last Thursday. Also Mr. and Mrs. A. R. Davis of Bay City visited his sister-in-law Mrs. Bertha Davis and the Vivian Campbell family recently.

John Engel phoned his parents, the Barney Engels, Saturday saying he was sailing for Panama and South America this Monday aboard the U.S.S. Dodge County and would be gone for four or five months.

Children from the summer recreation program who made visits to Mercy Hospital and a local beauty salon later made construction paper flowerpots and flowers in class, as well as some get-well cards. They presented these to the hospital where they were accepted by Sister Mary Janice and Mrs. George Hilton. Flowerpots and flowers were also presented with thanks to the beauty shop. The children, under the guidance of Mrs. Don Ferguson, delivered their gifts in a wagon.

Mystery of State's Waterfalls Explained by WSU Geologist

Michigan's major waterfalls are indicated by dots. Shaded areas indicate counties containing the five largest inland lakes in the State. Other counties which contain or border upon lakes over 15 square miles in size are: Ontonagon, Gogebic, Mackinac, Luce, Cheboygan, Presque Isle, Benzie, Houghton, Crawford and Roscommon.

DETROIT—The "water wonders" of Michigan provide not only enjoyment to tourists but also reveal, to those with geological training, a face of the State's physical evolution. Especially intriguing to tourists and geologists alike are the 150 natural waterfalls of the Upper Peninsula's wilderness areas, now more accessible than in the past.

The abundance of waterfalls in the Upper Peninsula is explained by Prof. Andrew J. Mozola, of Wayne State University's geology department, in terms of differing resistance of rocks to erosion.

"The rocks which form a river bed may at different points be soft or hard," he points out. "These differences which cause the irregularities along the stream bed or profile. If the irregularities are large enough, a cascade or waterfall is produced."

The bedrock in the Upper Peninsula, says Dr. Mozola, was already being eroded by streams when the glaciers came. The glaciers caused further erosion through gouging and abrasion. They then retreated, leaving so little debris that the bedrock was again exposed.

The resulting condition was conducive to waterfall formation.

Tax Reform

(Continued from Page One)

quite ready to require safety checks as urged by Griffin and others this year, but it did take a step which the experts believe will eventually lead to mandatory auto inspections.

Traffic safety experts have claimed states which do require periodic checkups of autos have seen a decrease in accidents.

Legislators were not convinced that mandatory inspections of all cars at state-approved garages would have such a beneficial result.

A spokesman for the Motor and Equipment Manufacturers Association says that over 50 per cent of the cars on the road do not meet generally accepted performance standards for safety. The figure is based on the experience in 20 states which have safety inspection laws.

This was the 15th year the Michigan legislature was asked to pass a compulsory inspection law.

Doubters won out, but they did go along with a spot-check proposal to allow state and local police to establish temporary safety inspection stations.

Motorists stopped and found with mechanically defective autos can be ticketed and taken to court.

Since the bill was not given immediate effect, it will not be used until early next year. Within a year or two after its initiation, this spot survey method is expected to provide data on which the legislature can determine whether mandatory inspection would be of value.

ed a large part of it. Other beneficiaries included wearing apparel, home decoration, travel and services.

The survey shows that net income locally, after payment of taxes, reached \$9,514,000, a gain over the prior year's \$8,645,000. Arithmetically, dividing the income by the number of households in the area, it averaged \$6,653 per household.

Since retail sales exceeded earnings locally, it is evident that some of the buying was done by shoppers from the surrounding area.

Just how well one community compares with another in buying power and business volume is brought out through an "index of sales activity."

Crawford County is listed with an index rating of 133, which is 33 per cent higher than the national average.
